

GIRL SPEEDING TO BRIDAL ADIEU IN AUTO SMASHUP

Bride of C. A. Dana Leaves Atlanta Without Knowing of Accident to Sister.

(Special to The Evening World.)
ATLANTA, Ga., April 11.—While speeding to the Terminal Station to bid farewell to Mr. and Mrs. Charles A. Dana of New York, who were married Wednesday night in Atlanta, Miss Leone Ladd, sister of the bride, and Mr. Jackson T. Dick, one of the best known young men of the city, were thrown from an automobile, when it crashed into a pole at the corner of Currier and Peachtree streets. The machine was demolished. Both were bruised and shaken up in the fall to the pavement. Miss Ladd was badly hurt, but the doctors at the St. Joseph's Infirmary, where she was carried, say she is getting along well and will soon recover. At the time of the accident the machine was being chased by a policeman on a motorcycle, but he was being left far behind when the smashup occurred. The policeman declared the automobile was going at least fifty miles an hour. Miss Ladd had acted as maid of honor at the wedding of her sister, and was on her way to see the bride and groom on the midnight train to New York. Mr. and Mrs. Dana left without knowing of the accident.

WHAT EVERY WOMAN KNOWS—and man too, for that matter, is that the 16-page Book which goes with the Sunday World is just about the cleverest thing ever given with a newspaper. A NEW one next Sunday. Don't forget to order from newsdealer in advance.

JERSEY AUTO TREATY PUTS LAUGH ON US
Reciprocity Finds a Hitch in Cullen Law Requiring New York Chauffeur Licenses.

TRENTON, April 11.—It has just been discovered that there is a rift in the hope of the new reciprocity law which gives New York automobile free entry into the commonwealth. Under the construction of the new law, New York chauffeurs will not be permitted to enter New Jersey unless they provide themselves with a New Jersey license. The fault is not New Jersey's, however. Under the Cullen law in New York State, no foreign chauffeur can operate a car without a New York license. The New Jersey law prescribes reciprocity and provides therefore that as a New Jersey chauffeur cannot come into New York State without a New York license, so cannot a New York chauffeur come into New Jersey without a New Jersey license.

This technically does not apply to registered owners.

WARNED BY RODGERS'S DEATH, MISS MOISANT WILL QUIT FLYING.

WICHITA FALLS, Tex., April 11.—Miss Mathilde Moisant, a woman aviator, has announced that on the completion of her exhibition in this city she will retire permanently from the flying game. "My relatives have been urging me to quit for some time," said Miss Moisant, "and the other day, when I learned of the death of 'Cal' Rodgers, I made up my mind to give aviation up. 'Cal' Rodgers was probably the most careful aviator this country has ever seen. He took every possible precaution and yet he 'got him'."

"It seems to me that it 'gets' every one who stays with it long enough, and I'm going to stop. I think the Moisant family already has contributed enough to the science of aviation."

ENGINEERS VOTE FOR STRIKE, BUT HOPE FOR PEACE

Ninety-three Per Cent. Favor Walk-Out Unless Railroads Come to Terms.

The full representation of fifty of the Brotherhood committee was completed today with the arrival of the last delegates of the Brotherhood of Engineers. The counting of the ballots for and against strike on the fifty roads west of Chicago and north of Virginia will soon be finished. All day yesterday the count progressed, with the vote almost unanimous for a strike if the railroads do not come to terms. Chief Stone, while refusing to discuss the probability of a strike until the count is complete, is certain, as are the chairman of the organization of the different systems, that the vote will show at least 90 per cent. of the Brotherhood men to be in favor of a walkout.

The latest move of some of the railroads, including the Pennsylvania system, in offering the Brotherhood committees on those systems a settlement on the basis of the demands already made, but on condition that the men withdraw from the joint conference and go back to the old method of each road settling with its own men, is the chief topic of discussion among the chairmen in the lobby of the Broadway Central Hotel. The chairman of the organizations connected with the roads, making the offer, said at the 40th of their divisions withdrawing from the joint conference, and say the men would walk out rather than accept increases under the conditions laid down.

The sentiment among the chairmen is that there will be no strike, all of them believing the railroad managers, when notified of the vote, will come to terms rather than allow the engineers to quit their jobs.

Secretary Sullivan of the Railway Board of Managers is out of the city and no one in his office would give information as to the reason for a conference which is to be held by the managers in this city on April 11.

It is hinted that the Railway Board is to consider a move to checkmate Grand Chief Stone and prevent him from calling a strike. The Engineers say the conference is for the purpose of formulating a counter proposition and that the railroads, as indicated by offers made to the Pennsylvania engineers, are considering the abandonment of their unfavorable attitude and preparing to deal with the men who handle the throttle. At the railroad headquarters it was denied that a conference was to be held.

It is known that the railroads are making every effort to check up the telegraphers, shompen and firemen, and that grave fears are entertained that if Chief Stone should postpone calling the engineers out until the firemen and telegraphers present their demands it would result in a combination of forces. It is admitted in railroad circles and confidently asserted by the engineers that if this condition affected would be completely tied up and the railroads could not move a wheel.

Chief Stone refuses to say whether or not he really has an understanding with the firemen and engineers. Some of the chairmen say this is a part of his

programme for carrying on the fight. Chief Stone still insists he holds the key to the situation and can force the railroads to meet his demands.

This Girl Recovered from Consumption

The makers of Beckman's Alternative, which is doing so much good for Consumptives, are continually in receipt of really wonderful reports of cures brought about solely through the use of this medicine. These reports are always at the command of any one interested, and many of the writers in their gratitude have suggested that like sufferers write direct and learn what it did for them. Here is one specimen:

421 Second Ave., Aurora, Ill.
"Gentlemen: Pardon me for not writing sooner, but I wanted to see if I would say cured. I can now truthfully say I am perfectly well. Never felt better in all my life. I wish to express my heartfelt thanks. I never have any cough, no night sweats, no hay fever. Since a child of two years I have been ailing with lung trouble, which grew worse as I grew older. At the age of fourteen the doctor said if I could not be sent South I would surely die of consumption. I was very weak and had to have either Bronchitis, Pleurisy or Pneumonia. I had Typhoid-Pneumonia one time, I had catarrh of the stomach and bowels and had Hay Fever for the last few years; but have not anything of the kind this year."

"I will answer all letters sent to me, asking a history of my case, from any one suffering from lung trouble."

"I remain with many thanks to you, your grateful friend."
Signed: ETTA PLATH.
Three years later reports still well. Beckman's Alternative cured Bronchitis, Asthma, Hay Fever, Throat and Lung Troubles, and in upbuilding the system. Did not contain poisons, opiates or habit-forming drugs. For sale by all druggists and health food stores and other leading drug stores. Ask for booklet of cured cases and write to Beckman Laboratory, Philadelphia, Pa. for additional evidence.

"The Big Store"

TWO MAMMOTH BUILDINGS

GREENHUT-SIEGEL COOPER CO.

BOTH SIDES OF 6TH AVE. J.B. DORR BUILDING 15th AND 16th STS.

Blame a Success for This:

The Bargain-Basement in our MAIN Building, which was opened a fortnight ago with lower-priced merchandise from both buildings, proved such an OVERWHELMING SUCCESS that we now find it necessary to give over ALL this space to the MAIN Building goods.

And Now the GREENHUT Building Will Have a

BARGAIN BASEMENT

Of Its Own

Devoted Exclusively to Lower-Priced Lines of "Everything for House and Garden"

Furniture, Carpets and Rugs, Draperies and Upholsteries, Framed Pictures and Oil Paintings, China and Glassware, Kitchen Furnishings, Bathroom Supplies, Garden Implements, Etc.

This new feature of the GREENHUT Building will be inaugurated, tomorrow, with hundreds of bargains in the very goods that so many people are vitally interested in at present. Only a partial list of the bargains is printed here. And please remember that very often the biggest bargains are not advertised because of limited quantities.
